WHAT WE DO

[Home](#) » [About](#) » [What We Do](#)

For SMBs looking to provide comprehensive benefits in a cost effective way, Uzio provides a marketplace of products and partners, which simplifies benefits management by combining the power of technology and the experience of the local brokers.

TRENDS

Inevitable adoption of technology, growing broker consolidation and increasing benefit expectations of SMB employers and employees will collectively drive a shift towards the cost effective delivery of comprehensive benefits by empowering local brokers.

UZIO ECOSYSTEM

Our platform creates an ecosystem by providing brokers, employers and employees a common marketplace to get access to ancillary, medical and digital partners curated for SMB needs.

SANJAY SINGH

Chief Executive Officer

Sanjay is a serial entrepreneur. Before Uzio, Sanjay co-founded, launched, built and presided over two other successful ventures, hCentive and GlobalLogic.

hCentive is a software company that has simplified the complex world of enrolling and managing health benefits. In 2014, CMS chose hCentive technology to run benefit exchanges for small businesses in 33 states. More than ten million people have enrolled in benefits using hCentive technology. hCentive has been in Inc. 5000 fastest growing companies three years running. GlobalLogic which grew to over 5,000 employees in more than six countries, is in the software product outsourcing space. Sanjay was President of GlobalLogic for almost ten years. The company attracted investments from top notch VC firms like New Atlantic Ventures, Sequoia and NEA. The company was acquired by a private equity firm and generated very attractive returns for its shareholders.

Apart from entrepreneurship, Sanjay's other passions are public policy and American history. In his free time, you will find him either listening to C-Span or reading biographies of American presidents. Sanjay earned his MS in Engineering and Management from Indian Institute of Technology Kharagpur, India, and his Bachelor of Engineering from the Government College of Engineering in Raipur, India.
